

# Which Disciples?

Color the stars and follow them through the shape maze to see which disciples had their feet washed by Jesus during the Last Supper.

The maze consists of a 7x11 grid of cells. Each cell contains either a star, a triangle, or a hexagon. Some cells contain the names of disciples, which are circled in orange. A path of stars is highlighted with orange circles, starting from a teal arrow pointing to a star in the top right and ending at a teal arrow pointing to a star in the bottom right.
